

Omar Khamis Abdelhafiez Barakat

 GitHub  omar.khamis.barakat@gmail.com  +20 102 730 4125  Cairo, Egypt  Portfolio  LinkedIn

Experience

- Data Annotator (Contract), *DataAnnotation Tech*** 05/2025 – 02/2026
Remote
- Annotated NLP datasets used to train large language models.
 - Provided contextual feedback in reinforcement learning from human feedback workflows.
 - Contributed to human-in-the-loop evaluation pipelines improving model accuracy.
- Engineering Intern, *Deutschland Technologies*** 06/2025 – 08/2025
Cairo, Egypt
- Designed fire alarm systems including sensors, panels, and output devices.
 - Produced technical blueprints using AutoCAD.
 - Assisted in project planning and scheduling using Oracle Primavera.

Education

B.Sc. Communication and Information Engineering (ABET accredited), 2027
Zewail City of Science and Technology
Relevant Coursework: Data Structures and Algorithm Analysis, Machine Learning, Operating Systems, Database Management Systems, Information Security, Discrete Mathematics, Digital Design and Computer Architecture

Technical Skills

Languages

C#, C++, Python, C, MATLAB, Dart

Frameworks / Technologies

Flutter, ASP.NET, HTML, Bootstrap

Computer Science

Data Structures, Algorithms, Object-Oriented Programming, Machine Learning

Tools

Git, AutoCAD, LabVIEW, CST Studio, Oracle Primavera

Databases

SQL, Database Design, SQLite, NoSQL

Achievements

Best Member Content Creation Team, *Hult Prize (Zewail City)*

Participant UGRF Competition 2025
(20th Edition)

Projects

MarkIt Marketing Agency Website, *ASP.NET, C#, HTML*

- Developed a full production website for a marketing agency using ASP.NET and C#.
- Implemented backend logic and responsive frontend components.

Flutter Mobile Application (In Development), *Flutter, Dart*

- Developing a cross-platform mobile application using Flutter.
- Implementing scalable UI components and modern mobile architecture.

Python Sudoku Solver, *Python*

- Implemented a backtracking algorithm capable of solving any valid Sudoku puzzle efficiently.

C++ Interactive Game, *C++, OOP*

- Designed a graphical game using object-oriented programming principles.

Certifications

Cross Platform Flutter Development Professional Certificate
DEPI Initiative Expected 2026
